

JOSÉ GALVÁN DE LA TORRE

+34 658 55 15 08 - pepegdlt02@gmail.com - [Linkedin](#)

Engineering student with international experience and advanced English proficiency. Passionate about large-scale backend development and artificial intelligence. Hands-on learner and team player with strong attention to detail and adaptability. Seeking to grow as a versatile programmer by mastering diverse technologies and contributing to innovative projects.

WORK EXPERIENCE

Internship in Software Development and Integration - Odins

Jan 2025 - Jul 2025

Research and development of a payment module for PrestaShop using GNU Taler, including backend merchant configuration, database setup, and plugin integration via REST endpoints. Conducted end-to-end testing of the payment and refund flow, and created technical documentation with supporting materials such as an explanatory video and a GitLab repository.

Waiter - Gran Bar

Jun 2023 - Aug 2023

As a customer service lead, managed orders and payments, kept work areas organized, and provided menu recommendations.

Cashier - Alsara

Jul 2022 - Aug 2022

Worked as a cashier in a supermarket, handling product restocking and inventory control.

EDUCATION

University of Murcia

Sep 2022

Bachelor's Degree in Computer Engineering

IES Juan Carlos I

Sep 2020 - May 2022

High School Diploma with specialization in Science and Technology
